KEY TAKEAWAYS

- 36 new MEPs out of 69 - a 53% new blood infusion
- ALDE remains the kingmaker
- Voting behaviour of EFDD members (incl. 3 MEPs from 5 Star Movement and 1 former Lithuanian Environment Minister) to be watched (progressive or conservative Eurosceptics?) in coming votes
- Unclear influence for NI members (3 Front National members and 1 MEP from Hungary's Jobbik)
- Possible coalitions for winning votes:
 - EPP + ALDE + ECR: 33
 - S&D + Greens + GUE + ALDE: 34
- Similar balance of power as in the 7th European Parliament, although new trends could emerge after initial deliberations
- First meeting 7th July
- Chair and Vice-Chairs confirmed on that date (possible candidates: Giovanni La Via, IT, EPP or Peter Liese, DE, EPP)
